TEXAS A&M
 UNIVERSITY
 COMMERCE

College of
Business

Invest in your future

The Texas A&M University-Commerce Master of Science in Management program is designed to provide students with the scientific knowledge and practical skills needed for effective leadership and management within dynamic business environments. Students may take courses on campus in Commerce or Dallas, with an option of the flexibility and convenience of online courses.

A&M-Commerce's business school is accredited by the AACSB—an accolade held by only 5 percent of the world's schools of business. Our faculty members have years of experience in corporations and academia. Whether or not you have a background in business, our program will prepare you for success.

Comprehensive EDUCATION

An effective manager must have a wide scope of knowledge in order to achieve business goals. In our M.S. in management program, you will take six core courses that provide the necessary foundation in management areas ranging from finance to marketing.

- Financial Management
- Marketing Management
- Management Skills Development
- Quality Management
- Strategic Management
- Applied Business Research

The program also offers electives that allow you to customize your educational experience to fit your goals. Learn about global competitiveness or the basics of entrepreneurship, or engage in other areas such as

- Managing teams
- Current issues in human resource management
- Leadership
- Transforming organizations

Career OPPORTUNITIES

A&M-Commerce's Master of Science in Management program is the first step of your future in a variety of fields:

- Organizational management
- Strategic management
- Organizational leadership
- Entrepreneurship
- Sales management
- Human resources

Rewarding and exciting career options include human resources generalist, recruiter and community program manager positions with respected companies. Envision your future with organizations such as these that have employed our graduates:

- L3 Communications
- Fastenal
- Honeywell
- Modern Woodmen of America
- Union Pacific
- U.S. Department of Agriculture
- Geico
